GET AFTER SORE THROAT WITH LISTERINE

Safe antiseptic brings quick relief, also fights colds. Kills bacteria in mouth and throat

Don't put up with the pain of ordinary sore throat. It can be soothed by quickly inhaled Listerine, the safe antiseptic.

After this easy exposure, you will be delighted to find how much better your throat feels. That raw, burning, restricted sensation is gone.

What is the throat so severely inflamed to the result of chronic infection of the tonsils and a congested pharynx? Listerine can be

of small help in such cases.

Fortunately for Mankind, however, most cases of sore throat are mild and are brought on by the coming of a cold. The tonsils are high in the throat, containing no germs, so it is never a direct spread into the tonsils, or downward in the bronchial tubes.

Doctors know, and you undoubtedly realize, the importance of keeping such bacteria under control—of killing it even as possible before the yawns to come to you. You can see the advantage of using Listerine, notable for its germ-killing power. Reduction of bacteria in the mouth and throat, ranging to 99.7% have been noted after the use of this safe antiseptic.

There's more, interesting to the general

public of Listerine's germ-killing ability. Those who grapple with Listerine treat a throbbing jaw and find some relief from those who did not grapple.

Listerine, to us, is that "sense of protection" so useful in eradicating Mankind's greatest enemies, and Mankind's greatest enemies is the common cold. Keep a bottle of Listerine handy in home and office, and over it systematically. Listerine Pharmaceutical Company, Toronto, Ontario.

The socialist movement in the financial problems of the government, and the maintenance of savings in the public sector.

In the West, where it has been here in the past, with cooperation from the private sector, these funds have been used to finance the socialist movement in the public sector in all. The results have been a disaster.

A National Debt Adjustment Board, such as Murec McGee now, would be a disaster, but, as it is the case with the socialist movement, and the public enterprise, they are in a difficult position, all the private sector to the socialist movement.

Goose Paradise

No one knows how many thousands—or millions—of wild geese gather each spring in Goose Lake, nesting first north west of Winnipeg.

In late March and all through April one might see some of migrating water fowl, one from the Gulf of Mexico and the other from Australia. Californians gaze at this extraordinary congregation wondrously on their way north.

When the movement is at its height in late April, Immense Flocks of Canada Geese, Snow Geese and Blue Geese sweep across the landscape like solitary swarms coming up behind a horizon as waves a ship, with, standing back as far as the eye can see.

Comparative sedentary dwellers the spruce to one of the season's most amazing natural phenomena.

Goose Lake itself, incidentally, is no lake at all, merely a shallow depression on the high leveled prairie temporarily filled each year water from the spring run off.

The photographs by Ben Carleton of Winnipeg, here reproduced, show one of the early flocks, a Snow Goose and a pair of Blue Geese.

When an investor can't find a good deal, he or she may want to consider a "passive" investment. This is a type of investment in which the investor does not have any say in the management of the company. The investor simply provides the capital and receives a share of the profits. This is a good option for someone who wants to diversify their portfolio but doesn't want to get involved in the day-to-day operations of a business.

the SHIRT that a COLLAR made famous

Arrow, under cover of four billion dollars,
has the world's most thorough knowledge
of collar styling and collar-making. No
wonder that Arrow Shirts have the
best-looking, best-fitting collars ever put
on shirts.

But Arrow Shirts also give you more
than a collar that fits as no other
collar can. Arrow Shirts are beautifully
crafted. They are tailored to fit. And that fits is permanent. No
matter how often an Arrow Shirt is laundered, it stays just the way

that collar, and cuffs that cuffs, and shoulders that hold— they are
Arrow Shirts best made.

It's the Ovenizing that gives it

THAT SWEET SMOKE FLAVOR

so distinctive of

SWIFT'S PREMIUM BACON

THE CHIEF REASON for smoking bacon is a flavor reason. What everybody's after is a sweet smoke flavor.

Do you get this special goodness in the bacon you are buying? Swift's Premium has it . . . rich and full.

Swift's Premium Bacon is *Ovenized*—smoked *in ovens*, by an exclusive method. It gets its famous mildness from the Premium cure, but this distinctive flavor from the hardwood smoke is a direct result of the *Ovenizing*. Only

Swift's Premium Bacon is *Ovenized*. Try this bacon with the sweet smoke flavor. You'll appreciate at once why it is so definitely the choice of people who know fine foods. You can get Swift's Premium Bacon from your

SWIFT CANADIAN CO., LIMITED

LISTEN IN—The Swift Hour, NBC, Saturdays, 8 to 9 P.M. Eastern Time.

*For next Sunday, SWIFT suggests
this SUPPER SENSATION!*

Cut Swift's Premium Bacon in one-inch squares. Place alternately on skewers, with shrimps and scallops, using nine pieces of bacon, four shrimps and four scallops (if scallops are not to be had, use squares of halibut). Place skewers and additional strips of bacon under hot broiler for eight minutes, turning once during broiling process. Garnish with watercress and lemon and serve accompanied with tartar sauce.

It's Ovenized! To be sure you are getting Swift's Premium, the only Ovenized bacon, look for advertising marks on packages and for the word SWIFT in brown dots down the side of the whole piece.
